Response Chart

■ Student responded ■ Total

The responses collected from the Students on Academics and Ambiance:

- How satisfied are you with the quality of teaching provided by your instructors?
- Fairness of the internal evaluation process by the teachers?
- How effective are the online teaching methods employed by your instructors?
- Does the institution take active interest in promoting Internship, Seminars and Expert Talks?
- How would you rate the availability and accessibility of academic resources (library, labs, etc.)?
- Are you satisfied with the feedback you receive on your assignments and exams?
- How would you describe the overall atmosphere and environment of the campus?
- Do the campus facilities (classrooms, labs, etc.) well maintained?
- How do you rate the cleanliness and hygiene standards on campus?
- How satisfied are you with the dining facilities provided on campus?
- EVS paper didn't provide enough opportunities to explore environmental topics that are directly relevant to future career in commerce.
- E-commerce is a vital aspect of modern business. We would like to see it included as an open elective for our department, allowing us to gain a comprehensive understanding of online business models, digital marketing, and electronic payment systems.

- 95% of students support the inclusion of yoga as an open elective in the Department of Physical Education

Suggestions by the committee:

- Need to arrange Seminars and Expert Talks.
- Incorporate more commerce-specific environmental topics, such as sustainable supply chain management and environmental regulations affecting businesses.
- Invite industry experts to review and provide feedback on the course outline
- Course will provide students with a comprehensive understanding of yoga principles, techniques, and applications, enhancing their physical and mental well-being.

- How satisfied are you with your experience as a faculty member at our institution?
- In our recent evaluation of the EVS paper for commerce students, we noticed that the curriculum lacks comprehensive coverage of general environmental topics. While the paper touches on some environmental aspects, it does not adequately equip students with a broad understanding of environmental issues and their impact on business.
- We believe that E-commerce is a crucial aspect of modern business and would like to see it included as an open elective for students from the Department of Electronics. This would provide students with a comprehensive understanding of online business models, digital marketing, and electronic payment systems, making them more industry-ready.
- We believe that yoga is an essential aspect of overall wellness and would like to see it included as an open elective from the Department of Physical Education. This would provide students with a comprehensive understanding of yoga principles, practices, and applications, enhancing their physical and mental well-being

Suggestions by the committee:

- The students need more add on courses and Skill development programs.
- Integrate comprehensive environmental topics, such as climate change, sustainability, and conservation, into the EVS paper.
- Develop a comprehensive curriculum that covers the fundamentals of E-commerce, including online business models, digital marketing, and electronic payment systems.
- Include Yoga and its Applications as an open elective from the Department of Physical Education.

Employers Feedback on Academic Performance and Ambience:

The responses collected from the Employer and analysed by the committee members on the following questions.
